1 Risk Disclosure Statement for Futures and Options

The risk of loss in trading commodity futures contracts can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. You should be aware of the following points:

1. You may sustain a total loss of the funds that you deposit with your broker to establish or maintain a position in the commodity futures market, and you may incur losses beyond these amounts. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the time required by your broker, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.
2. The funds you deposit with a futures commission merchant for trading futures positions are not protected by insurance in the event of the bankruptcy or insolvency of the futures commission merchant, or in the event your funds are misappropriated.
3. The funds you deposit with a futures commission merchant for trading futures positions are not protected by the Securities Investor Protection Corporation even if the futures commission merchant is registered with the Securities and Exchange Commission as a broker or dealer.
4. The funds you deposit with a futures commission merchant are generally not guaranteed or insured by a derivatives clearing organization in the event of the bankruptcy or insolvency of the futures commission merchant, or if the futures commission merchant is otherwise unable to refund your funds. Certain derivatives clearing organizations, however, may have programs that provide limited insurance to customers. You should inquire of your futures commission merchant whether your funds will be insured by a derivatives clearing organization and you should understand the benefits and limitations of such insurance programs.
5. The funds you deposit with a futures commission merchant are not held by the futures commission merchant in a separate account for your individual benefit. Futures commission merchants commingle the funds received from customers in one or more accounts and you may be exposed to losses incurred by other customers if the futures commission merchant does not have sufficient capital to cover such other customers' trading losses.
6. The funds you deposit with a futures commission merchant may be invested by the futures commission merchant in certain types of financial instruments that have been approved by the Commission for the purpose of such investments. Permitted investments are listed in Commission Regulation 1.25 and include: U.S. government securities; municipal securities; money market mutual funds; and certain corporate notes and bonds. The futures commission merchant may retain the interest and other earnings realized from its investment of customer funds. You should be familiar with the types of financial instruments that a futures commission merchant may invest customer funds in.
7. Futures commission merchants are permitted to deposit customer funds with affiliated entities, such as affiliated banks, securities brokers or dealers, or foreign brokers. You should inquire as to whether your futures commission merchant deposits funds with affiliates and assess whether such deposits by the futures commission merchant with its affiliates increases the risks to your funds.

8. You should consult your futures commission merchant concerning the nature of the protections available to safeguard funds or property deposited for your account.
9. Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market reaches a daily price fluctuation limit ("limitmove").
10. All futures positions involve risk, and a "spread" position may not be less risky than an outright "long" or "short" position.
11. The high degree of leverage (gearing) that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. Leverage (gearing) can lead to large losses as well as gains.
12. In addition to the risks noted in the paragraphs enumerated above, you should be familiar with the futures commission merchant you select to entrust your funds for trading futures positions. The Commodity Futures Trading Commission requires each futures commission merchant to make publicly available on its Web site firm specific disclosures and financial information to assist you with your assessment and selection of a futures commission merchant. Information regarding this futures commission merchant may be obtained by visiting our Web site, www.AdvantageFutures.com.

OPTIONS

Variable degree of risk

13. Transactions in options carry a high degree of risk. Purchasers and seller of options should familiarize themselves with the type of option (i.e. put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of options must increase for your position to become profitable, taking into account the premium and all transaction costs.
14. The purchaser of options may offset or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased options expire worthless, you will suffer a total loss of your investment which will consist of the option premium plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that the chance of such options becoming profitable is ordinary remote.
15. Selling ('writing' or 'granting') an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the position is 'covered' by the seller holding a corresponding position in the underlying interest or a future or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

16. Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

ALL OF THE POINTS NOTED ABOVE APPLY TO ALL FUTURES TRADING WHETHER FOREIGN OR DOMESTIC. IN ADDITION, IF YOU ARE CONTEMPLATING TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS, YOU SHOULD BE AWARE OF THE FOLLOWING ADDITIONAL RISKS:

17. Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally “linked” to a domestic exchange, whereby a trade executed on one exchange liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery, and clearing of transactions on such an exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use domestic alternative dispute resolution procedures. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.
18. Finally, you should be aware that the price of any foreign futures or option contract and, therefore, the potential profit and loss resulting therefrom, may be affected by any fluctuation in the foreign exchange rate between the time the order is placed and the foreign futures contract is liquidated or the foreign option contract is liquidated or exercised.
19. Negative Contract Prices – When trading in the futures markets, there are risks if the market moves against your futures positions. These risks may be particularly acute in those instances in which a futures contract settles at a negative price. The circumstances that lead a futures contract to settle at a negative price may vary. One example of when a futures contract with a physical commodity as the underlying asset may settle at a negative price is when the supply of the commodity faces physical constraints in distribution or storage to such an extent that some suppliers are prepared to pay others to physically take away the commodity. Futures contracts across other asset classes may also settle at negative prices for any number of reasons. Regardless of whether prices are positive or negative, you should keep in mind that if the market moves against your futures position:
- You may sustain a total loss of the funds that you have deposited to establish or maintain your positions and may incur additional losses beyond these amounts;
 - You may be called upon to deposit additional margin funds, on short notice;
 - If you do not provide the additional funds within the time we require, your positions may be liquidated at a loss; and
 - You will be liable for any resulting deficit in your account

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF THE FUTURES MARKETS.

The CME Group is the Designated Self-Regulatory Organization (“DSRO”) for Advantage. Additional information can be obtained on their website <http://www.cmegroup.com/clearing/financial-and-regulatory-surveillance.html>.

A. Permitted Depositories and Counterparties

Advantage appreciates its responsibility to protect and separately account for funds in both Customer Segregated and Customer Secured 30.7 origins (collectively “segregated funds”). This is necessary to protect both customers and Advantage, as the FCM is ultimately responsible for any loss of segregated or secured 30.7 funds due to their mishandling. To that end, Advantage developed procedures for:

- Evaluating suitability of depositories and counterparties designated for holding customer segregated funds;
- Opening and documenting segregated accounts at approved depositories and counterparties;
- Monitoring approved depositories and counterparties;
- Establishing appropriate level of FCM residual interest in these

- segregated accounts, including regular review of the suitability level;
- Withdrawing funds from segregated accounts when the withdrawal is not for the benefit of customers;
- Assessing suitability and appropriate allocation of segregated funds to specific investments permitted per CFTC Rule 1.25.

B. Evaluating the Suitability of Customer Fund Depositories and Counterparties

There are three primary depositories/counterparties holding segregated or secured funds of Advantage customers: banks, carrying brokers, and clearing organizations. Advantage established policies and procedures reasonably designed to ensure institutions holding Advantage deposits of customer segregated funds are financially sound and otherwise appropriate for this purpose.

Criteria utilized in this analysis of banks, carrying brokers, and clearing organizations include but are not limited to the following, as applicable:

- Institutional size and capitalization
- Creditworthiness
- Access to liquidity
- Operational reliability
- Concentration of segregated funds with any depository or group of depositories
- Regulatory oversight
- Outside rating agency opinions
- Availability of deposit insurance

III. Material Risks

Advantage faces several potential risks in the ordinary course of business, including Credit Risk, Market Risk, Operational Risk, Legal, Regulatory & Compliance Risk, Human Resources Risk, Financial Risk, IT Risk, and Strategic Risk, each defined as follows:

Credit Risk – The risk of loss from failure of client or counterparty to meet financial obligations or default of client or counterparty.

Market Risk – The risk of loss from fluctuations in market prices or changes in market conditions that impact investment values or result in client deficit balances. Also includes foreign currency exposure.

Operational Risk – The risk of loss due to inadequate systems and controls, human error, or management failure.

Legal, Regulatory, & Compliance Risk – The risk of fines, penalties, or reputational damage due to real or perceived noncompliance with laws, rules, regulations, agreements, or failure to meet professional obligations.

Human Resources Risk – The risk of loss due to ineffective hiring/recruitment, loss of key employees, inadequate corporate governance, or legal risks arising from employees.

Financial Risk – The risk of loss or missed business opportunities due to insufficient financial controls, including capital risk, liquidity risk, segregation risk, and accounting risk.

IT Risk – The risks associated with critical systems, technology practices, cybersecurity, business data, and interruption of business activity.

Strategic Risk – The risk of internal or external events that inhibit or prevent Advantage from achieving objectives or damage Advantage reputation.

Advantage does not engage in speculative proprietary trading. Advantage serves clients as an executing broker and clearing firm without a conflict of interest since Advantage is not competing with client trading.

A. Investments Made by Advantage

Advantage holds significant assets in cash and may also hold US Treasury and US Agency securities guaranteed by the US Government, while ensuring compliance with regulatory capital requirements and maintaining sufficient liquidity to meet ongoing business obligations.

Advantage maintains proprietary accounts to hedge Advantage risk exposures, including risk in foreign currency price fluctuation.

Advantage investments of customer funds comply with CFTC Regulation 1.25. As permitted under CFTC regulations, client funds are invested in cash, US Treasury and Agency securities, and Reverse Repurchase Agreements with US Treasury and Agency securities.

Advantage daily financial and quarterly investment information can be found on Advantage website www.advantagefutures.com under section About > Financials.

B. Advantage Creditworthiness, Leverage, Capital, Liquidity, Principal Liabilities, Balance Sheet Leverage and Other Lines of Business

Advantage pays its financial obligations in a timely manner and has never failed to meet a payment obligation to an exchange, clearing organization, or carrying broker. When and as needed, Advantage has been able to establish new banking, exchange, and carrying broker relationships. As an LLC and non-publicly held company, Advantage does not have a formal credit rating with major credit rating agencies.

Advantage balance sheet leverage as computed under NFA Financial Requirements Section 16 was 5.06 as of September 30, 2022.

Advantage strives to maintain capital necessary to support business needs and comply with regulatory requirements. As of September 30, 2022, Advantage had Net Capital of \$29,348,708, Adjusted Net Capital of \$28,561,412 and Excess Net Capital of \$16,765,917.

Advantage strives to transparently reflect our liquidity by graphically displaying on our website how we invest Customer Segregated and Customer Secured 30.7 funds. Additional liquidity for Advantage is provided via a \$56,000,000 delivery line of credit from one of our bank relationships. If, when, and as additional liquidity may be needed, Advantage will seek equity or debt funding from private sources of capital.

Principal liabilities for Advantage are balances in customer and non-customer accounts. As of September 30, 2022, these comprised 96.53% of Advantage liabilities. Of the remaining liabilities, 1.98% represent liabilities subordinated to claims of general creditors subject to a satisfactory subordination agreement approved by Advantage DSRO. Various other payables and accrued expenses (including compensation and accounts

payable) represent the remaining 1.49% of liabilities carried by Advantage as of September 30, 2022.

C. Risks to Advantage Created by its Affiliates

Advantage does not invest customer or house funds with affiliated entities, except to the extent Advantage invests house funds in Advantage Securities.

Advantage Securities is a wholly owned subsidiary of Advantage. Advantage Securities is a registered broker dealer with the Financial Industry Regulatory Authority and the Securities and Exchange Commission. Advantage Securities does not currently conduct any securities business and maintains excess net capital of \$66,384 as of September 30, 2022. Although Advantage Securities is a regulated entity with separate policies and procedures in place, parent company Advantage may have financial exposure if the broker dealer became illiquid or required additional capital to support its business activities.

No other affiliates of Advantage pose a material risk to the FCM business.

D. Significant Liabilities and Material Commitments

Advantage has a liability in the form of its sub-sub-lease on its headquarters located at 231 South LaSalle Street, Suite 1400 Chicago, IL. The sub-sub-lease is a non-cancellable operating lease with rental commitments totaling \$804,384 beyond October 01, 2022.

E. Summary of Current Risk Practices, Controls and Procedures

Pursuant to CFTC Regulation 1.11(c), Advantage has a Risk Management Program to establish, maintain, and enforce a system of riskmanagement policies and procedures designed to monitor and manage risks associated with Advantage activities. Advantage maintains written policies and procedures describing the Risk Management Program, approved in writing by the Advantage governing body.

Advantage maintains a Risk Management Program Framework which describes the principles, policies, and functional responsibilities for risk management throughout Advantage. The Framework identifies the goals, business context, regulatory background, business model, governance structure, supervision, methodologies, controls, monitoring, reporting, and resources utilized to manage risk.

Advantage maintains Specific Risk Management Policies, which identify various risks Advantage faces and describes how Advantage manages these risks. Advantage categorized risk exposures into Credit Risk, Market Risk, Operational Risk, Legal, Regulatory & Compliance Risk, Human Resources Risk, Financial Risk, IT Risk, and Strategic Risk. Advantage appreciates its business activities present various combinations and concentrations of risks. Advantage Risk Management Program also establishes risk tolerance limits, accounts for risks posed by affiliates and all lines of business and includes policies and procedures for detecting and appropriately escalating breaches of risk tolerance limits.

IV. Customer Funds Segregation

Below is a basic overview of customer fund segregation, FCM collateral management and investments. Note Advantage is not a registered Swap Dealer and does not support Swap business nor hold Cleared Swaps Customer Accounts. Reference to such is not applicable to Advantage.

Customer Accounts. FCMs may maintain up to three different types of accounts for customers, depending on the products customers trade:

- (i) **Customer Segregated Accounts** for customers trading futures and options on futures listed on US futures exchanges;
- (ii) **30.7 Accounts** for customers trading futures and options on futures listed on foreign boards of trade; and
- (iii) **Cleared Swaps Customer Accounts** for customers trading swaps that are cleared on a Derivatives Clearing Organization (“DCO”) registered with the CFTC.

The requirement to maintain these separate accounts reflects the different risks posed by the products. Cash, securities and other collateral (collectively, **Customer Funds**) required to be held in one type of account, e.g., the Customer Segregated Account, may not be commingled with funds required to be held in another type of account, e.g., the 30.7 Account, except as the CFTC may permit by order.

Customer Segregated Account. Funds that customers deposit with an FCM, or that are otherwise required to be held for the benefit of customers, to margin futures and options on futures contracts traded on futures exchanges located in the US, i.e., designated contract markets, are held in a **Customer Segregated Account** in accordance with section 4d(a)(2) of the Commodity Exchange Act and CFTC Rule 1.20. **Customer Segregated Funds** held in the Customer Segregated Account may not be used to meet the obligations of the FCM or any other person, including another customer.

Customer Segregated Funds may be commingled in a single account, i.e., a customer omnibus account, and held with: (i) a bank or trust company located in the US; (ii) a bank or trust company located outside the US that has in excess of \$1 billion of regulatory capital; (iii) an FCM; or (iv) a DCO. Such commingled accounts must be properly titled to make clear the funds belong to and are being held for the benefit of FCM customers. Unless a customer provides instructions to the contrary, an FCM may hold Customer Segregated Funds only:

(i) in the US; (ii) in a money center country;¹ or (iii) in the country of origin of the currency.

An FCM must hold sufficient US dollars in the US to meet all US dollar obligations and sufficient funds in each other currency to meet obligations in such currency. Notwithstanding the foregoing, assets denominated in a currency may be held to meet obligations denominated in another currency (other than the US dollar) as follows: (i) US dollars may be held in the US or in money center countries to meet obligations denominated in any other currency; and (ii) funds in money center currencies² may be held in the US or in money center countries to meet obligations denominated in currencies other than the US dollar.

30.7 Account. Funds that **30.7 Customers** deposit with an FCM, or that are otherwise required to be held for the benefit of customers, to margin futures and

¹ Money center countries are Canada, France, Italy, Germany, Japan, and the United Kingdom.

² Money center currencies mean the currency of any money center country and the Euro.

options on futures contracts traded on foreign boards of trade, *i.e.*, **30.7 Customer Funds**, and sometimes referred to as the **foreign futures and foreign options secured amount**, are held in a **30.7 Account** in accordance with CFTC Rule 30.7.

Funds required to be held in the 30.7 Account for or on behalf of 30.7 Customers may be commingled in an omnibus account and held with: (i) a bank or trust company located in the US; (ii) a bank or trust company located outside the US that has in excess of \$1 billion in regulatory capital; (iii) an FCM; (iv) a DCO; (v) the clearing organization of any foreign board of trade; (vi) a foreign broker; or (vii) such clearing organization or foreign broker designated depositories. Such commingled account must be properly titled to make clear the funds belong to and are being held for the benefit of the FCM 30.7 Customers. As explained below, CFTC Rule 30.7 restricts the amount of such funds that may be held outside the US.

Customers trading on foreign markets assume additional risks. Laws or regulations will vary depending on the foreign jurisdiction in which the transaction occurs, and funds held in a 30.7 Account outside the US may not receive the same level of protection as Customer Segregated Funds. If a foreign broker carrying 30.7 Customer positions fails, the broker will be liquidated in accordance with the laws of the jurisdiction in which it is organized. Such laws may differ significantly from the US Bankruptcy Code. Return of 30.7 Customer Funds to the US will be delayed and likely will be subject to the costs of administration of the failed foreign broker in accordance with the law of the applicable jurisdiction, as well as possible other intervening foreign brokers, if multiple foreign brokers were used to process the US customer transactions on foreign markets.

If the foreign broker does not fail but the US FCM of the 30.7 Customer fails, the foreign broker may want to assure that appropriate authorization has been obtained before returning the 30.7 Customer Funds to the US FCM trustee, which may delay their return. If both the foreign broker and the US FCM were to fail, potential differences between the trustee for the US FCM and the administrator for the foreign broker, each with independent fiduciary obligations under applicable law, may result in significant delays and additional administrative expenses. Use of foreign brokers by the US FCM to process trades of 30.7 Customers on foreign markets may cause additional delays and administrative expenses.

To reduce potential risk to 30.7 Customer Funds held outside the US, CFTC Rule 30.7 generally provides that an FCM may not deposit or hold 30.7 Customer Funds in permitted accounts outside the US except as necessary to meet margin requirements, including prefunding margin requirements, established by rule, regulation, or order of the relevant foreign boards of trade or foreign clearing organizations, or to meet margin calls issued by foreign brokers carrying the 30.7 Customers' positions. The rule further provides, to avoid the daily transfer of funds from accounts in the US, an FCM may maintain in accounts located outside of the US an additional amount of up to 20% of the total amount of funds necessary to meet margin and prefunding margin requirements to avoid daily transfers of funds.

Investment of Customer Funds. Section 4d(a)(2) of the Commodity Exchange Act authorizes FCMs to invest Customer Segregated Funds in obligations of the US, in general obligations of any State or of any political subdivision thereof, and in obligations fully guaranteed as to principal and interest by the US. Section 4d(f) authorizes FCMs to invest Cleared Swaps Customer Collateral in similar instruments.

CFTC Rule 1.25 authorizes FCMs to invest Customer Segregated Funds, Cleared Swaps Customer Collateral and 30.7 Customer Funds in instruments of a similar nature. CFTC rules further provide that FCM may retain gain earned and is responsible for investment losses incurred in connection with the investment of Customer Funds. However, the FCM and customer may agree that FCM will pay customer interest on funds deposited.

Permitted investments include:

- (i) Obligations of US and obligations fully guaranteed as to principal and interest by US (US government securities);
- (ii) General obligations of any State or of any political subdivision thereof (municipal securities);
- (iii) Obligations of any US government corporation or enterprise sponsored by the US government (US agency obligations);
- (iv) Certificates of deposit issued by a bank (certificates of deposit) as defined in section 3(a)(6) of the Securities Exchange Act of 1934, or a domestic branch of a foreign bank that carries deposits insured by the Federal Deposit Insurance Corporation ("FDIC");
- (v) Commercial paper fully guaranteed as to principal and interest by the US under the Temporary Liquidity Guarantee Program as

- administered by the FDIC (commercial paper);
- (vi) Corporate notes or bonds fully guaranteed as to principal and interest by the US under the Temporary Liquidity Guarantee Program as administered by the FDIC (corporate notes or bonds); and
- (vii) Interests in money market mutual funds.

The average duration of the securities in which an FCM invests Customer Funds cannot exceed two years.

An FCM may also engage in repurchase and reverse repurchase transactions with non-affiliated registered broker dealers, provided such transactions are made on a delivery versus payment basis and involve only permitted investments. Funds or securities received in repurchase and reverse repurchase transactions with Customer Funds must be held in the appropriate Customer Account, *i.e.*, Customer Segregated Account, 30.7 Account or Cleared Swaps Customer Account. In accordance with the provisions of CFTC Rule 1.25, such funds or collateral must be received in the appropriate Customer Account on a delivery versus payment basis in immediately available funds (NFA publishes a report twice monthly, which displays for each FCM, *inter alia*, the percentage of Customer Funds that are held in cash and each of the permitted investments under CFTC Rule 1.25. The report also indicates whether the FCM held any Customer Funds during that month at a depository that is an affiliate of the FCM).

Funds deposited with Advantage for trading futures and options on futures contracts on either US or foreign markets are not protected by the Securities Investor Protection Corporation.

CFTC rules require Advantage to hold funds deposited to margin futures and options on futures contracts traded on US designated contract markets in Customer Segregated Accounts.

Advantage must hold funds deposited to margin options on futures contracts traded on foreign boards of trade in a 30.7 Account. In computing its Customer Funds requirements under relevant CFTC rules, Advantage may only consider those Customer Funds actually held in the applicable Customer Accounts and may not apply free funds in an account under identical ownership but of a different classification or account type (*e.g.* Customer Segregated) to an account's margin deficiency. In order to be used for margin purposes, the funds must transfer to the identically owned under margined account.

3 Electronic Trading and Order Routing Systems Disclosure Statement*

Electronic trading and order routing systems differ from traditional open outcry pit trading and manual order routing methods. Transactions using an electronic system are subject to the rules and regulations of the exchange(s) offering the system and/or listing the contract. Before you engage in transactions using an electronic system, you should carefully review the rules and regulations of the exchange(s) offering the system and/or listing contracts you intend to trade.

Differences among Electronic Trading Systems

Trading or routing orders through electronic systems varies widely among the different electronic systems. You should consult the rules and regulations of the exchange offering the electronic system and/or listing the contract traded or order routed to understand, among other things, in the case of trading systems, the system's order matching procedure, opening and closing procedures and prices, error trade policies, and trading limitations or requirements; and in the case of all systems, qualifications for access and grounds for termination and limitations on the types of orders that may be entered into the system. Each of these matters may present different risk factors with respect to trading on or using a particular system. Each system may also present risks related to system access, varying response times, and security. In the case of internet-based systems, there may be additional types of risks related to system access, varying response times and security, as well as risks related to service providers and the receipt and monitoring of electronic mail.

Risks Associated with Systems Failure

Trading through an electronic trading or order routing system exposes you to risks associated with system or component failure. In the event of system or component failure, it is possible that, for a certain time period, you may not be able to enter new orders, execute existing orders, or modify or cancel orders that were previously entered. System or component failure may also result in loss of orders or order priority.

Simultaneous Open Outcry Pit and Electronic Trading

Some contracts offered on an electronic trading system may be traded electronically and through open outcry during the same trading hours. You should review the rules and regulations of the exchange offering the system and/or listing the contract to determine how orders that do not designate a particular process will be executed.

Limitation of Liability

Exchanges offering an electronic trading or order routing system and/or listing the contract may have adopted rules to limit their liability, the liability of FCMs, and software and communication system vendors and the amount of damages you may collect for system failure and delays. These limitations of liability provisions vary among the exchanges. You should consult the rules and regulations of the relevant exchange(s) in order to understand these liability limitations.

* Each exchange's relevant rules are available upon request from the industry professional with which you have an account. Some exchanges' relevant rules also are available on the exchange's internet home page.

4 Direct Order Transmittal Client Disclosure Statement

This statement applies to the ability of authorized Clients of Advantage Futures LLC to place orders for foreign futures and options directly with non-U.S. entities (each, an “Executing Firm”) that execute transactions on behalf of Advantage Futures LLC’s foreign futures and options Client omnibus account.

Please be aware of the following should you be permitted to place the type of orders specified above.

- The orders you place with an Executing Firm are for Advantage Futures LLC’s foreign futures and options Client omnibus account maintained with a foreign clearing firm. Consequently, Advantage Futures LLC may limit or otherwise condition the orders you place with the Executing Firm.
- You should be aware of the relationship of the Executing Firm and Advantage Futures LLC. Advantage Futures LLC may not be responsible for the acts, omissions, or errors of the Executing Firm, or its representatives, with which you place your orders. In addition, the Executing Firm may not be affiliated with Advantage Futures LLC. If you choose to place orders directly with an Executing Firm, you may be doing so at your own risk.
- It is your responsibility to inquire about the applicable laws and regulations that govern the foreign exchanges on which transactions will be executed on your behalf. Any orders placed by you for execution on that exchange will be subject to such rules and regulations, its customs and usages, as well as any local laws that may govern transactions on that exchange. These laws, rules, regulations, customs and usages may offer different or diminished protection from those that govern transactions on U.S. exchanges. In particular, funds received from Clients to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction. United States regulatory authorities may be unable to compel the enforcement of the rules of regulatory authorities or markets in non-U.S. jurisdictions where transactions may be affected.
- It is your responsibility to determine whether the Executing Firm has consented to the jurisdiction of the courts in the United States. In general, neither the Executing Firm nor any individuals associated with the Executing Firm will be registered in any capacity with the Commodity Futures Trading Commission. Similarly, your contacts with the Executing Firm may not be sufficient to subject to the Executing Firm to the jurisdiction of courts in the United States in the absence of the Executing Firm’s consent. Accordingly, neither the courts of the United States nor the Commission’s reparations program may be available as a forum for resolution of any disagreements you may have with the Executing Firm, and your recourse may be limited to actions outside the United States.
- Unless you object within five (5) days, by giving notice as provided in your Client agreement after receipt of this disclosure, Advantage Futures LLC will assume your consent to the aforementioned conditions.

5 Disclosure Pursuant to Commodity Futures Trading Commission Rule 1.46 (e)(1)

If you maintain separate accounts in which, pursuant to Commodity Futures Trading Commission Rule 1.46(d)(6), offsetting positions are not closed out, we hereby advise you that, if held open, offsetting long and short positions in the separate accounts may result in the charging of additional fees and commission and the payment of additional margin, although offsetting positions will result in no additional market gain or loss.

NFA Investor Advisory—Futures on Virtual Currencies Including Bitcoin

December 1, 2017

The purpose of this investor advisory is to remind investors that, just like any other speculative investment, trading futures on virtual currencies, including Bitcoin, have certain benefits and various risks. While futures on virtual currencies must be traded on regulated futures exchanges, trading these products involves a high level of risk and may not be suitable for all investors.

It is critical, therefore, for investors who are considering trading virtual currency futures to educate themselves about these products, understand their risks, and conduct due diligence before making investment decisions. Investor protection begins with investor education.

- Conduct due diligence on any individuals and firms soliciting for an investment in futures on virtual currencies including Bitcoin by checking their Commodity Futures Trading Commission (CFTC) registration status, NFA membership status, and background using [NFA's BASIC system](#) or calling NFA's Information Center at 800-621-3570.
- Virtual currencies including Bitcoin experience significant price volatility, and fluctuations in the underlying virtual currency's value between the time you place a trade for a virtual currency futures contract and the time you attempt to liquidate it will affect the value of your futures contract and the potential profit and losses related to it. Be very cautious and monitor any investment that you make.
- Be aware of sales pitches offering investment schemes that promise significant returns with little risk or that encourage you to "act now." If an investment sounds too good to be true (e.g., high returns, guaranteed to perform in a certain way), then it probably is.
- Virtual currency futures contracts are bought and sold using initial margin money that can enable you to hold a virtual currency futures contract valued more than your initial investment. This is referred to as leverage. If the price of the futures contract moves in an unfavorable direction, the leveraged nature of the futures investment can produce large losses in relation to your initial investment. In fact, even a small move against your position may result in a large loss, including the loss of your entire initial deposit, and you may be liable for additional losses.
- Be aware of the risk of Ponzi scheme operators and fraudsters seeking to capitalize on the current attention focused on virtual currencies, including Bitcoin.

Outlined above are just some of the risks associated with trading futures on virtual currencies, including Bitcoin. Investors should consult the risk disclosures provided by their FCM and fully educate themselves on all of the associated risks before trading.

With CFTC oversight, each futures exchange listing a virtual currency futures contract is responsible for regulating its futures market. NFA performs market regulation services on behalf of certain futures exchanges and swap execution facilities. Please be aware, however, that just because futures on virtual

currencies, including Bitcoin, must be traded on regulated futures exchanges does not mean that the underlying virtual currency markets are regulated in any manner, and as discussed above what occurs in a virtual currency's underlying market will impact the price of a virtual currency's futures contract

Investors with questions or concerns regarding trading futures on virtual currencies including Bitcoin should contact NFA's Information Center (312-781-1410 or 800-621-3570 or information@nfa.futures.org).

Customer Advisory: Understand the Risks of Virtual Currency Trading

The U.S. Commodity Futures Trading Commission (CFTC) is issuing this customer advisory to inform the public of possible risks associated with investing or speculating in virtual currencies or recently launched Bitcoin futures and options.

Virtual currency is a digital representation of value that functions as a medium of exchange, a unit of account, or a store of value, but it does not have legal tender status. Virtual currencies are sometimes exchanged for U.S. dollars or other currencies around the world, but they are not currently backed nor supported by any government or central bank. Their value is completely derived by market forces of supply and demand, and they are more volatile than traditional fiat currencies. Profits and losses related to this volatility are amplified in margined futures contracts.

For hedgers – those who own Bitcoin or other virtual currencies and who are looking to protect themselves against potential losses or looking to buy virtual currencies at some point in the future – futures contracts and options are intended to provide protection against this volatility. However, like all futures products, speculating in these markets should be considered a high-risk transaction.

Bitcoin is a Commodity

Bitcoin and other virtual currencies have been determined to be commodities under the **Commodity Exchange Act (CEA)**. The Commission primarily regulates commodity derivatives contracts that are based on underlying commodities. While its regulatory oversight authority over commodity cash markets is limited, the CFTC maintains general anti-fraud and manipulation enforcement authority over virtual currency cash markets as a commodity in interstate commerce.

What makes virtual currency risky?

Purchasing virtual currencies on the cash market – spending dollars to purchase Bitcoin for your personal wallet, for example – comes with a number of risks, including:

- most cash markets are not regulated or supervised by a government agency;
- platforms in the cash market may lack critical system safeguards, including customer protections;
- volatile cash market price swings or flash crashes;
- cash market manipulation;
- cyber risks, such as hacking customer wallets; and/or
- platforms selling from their own accounts and putting customers at an unfair disadvantage.

It's also important to note that market changes that affect the cash market price of a virtual currency may ultimately affect the price of virtual currency futures and options.

When customers purchase a virtual currency-based futures contract, they may not be entitled to receive the actual virtual currency, depending on the particular contract. Under most futures contracts currently being offered, customers are buying the right to receive or pay the amount of an underlying commodity value in dollars at some point in the future. Such futures contracts are said to be "cash settled." Customers will pay or receive (depending on which side of the contract they have taken –

long or short) the dollar equivalent of the virtual currency based on an index or auction price specified in the contract. Thus, customers should inform themselves as to how the index or auction prices used to settle the contract are determined.

Entering into futures contracts through leveraged accounts can amplify the risks of trading the product. Typically, participants only fund futures contracts at a fraction of the underlying commodity price when using a margin account. This creates “leverage,” and leverage amplifies the underlying risk, making a change in the cash price even more significant. When prices move in the customers’ favor, leverage provides them with more profit for a relatively small investment. But, when markets go against customers’ positions, they will be forced to refill their margin accounts or close out their positions, and in the end may lose more than their initial investments.

Beware of related fraud

Virtual currencies are commonly targeted by hackers and criminals who commit fraud. There is no assurance of recourse if your virtual currency is stolen. Be careful how and where you store your virtual currency. The CFTC has received complaints about virtual currency exchange scams, as well as Ponzi and “pyramid” schemes.

If you decide to buy virtual currencies or derivatives based on them, remember these tips:

- If someone tries to sell you an investment in options or futures on virtual currencies, including Bitcoin, verify they are registered with the CFTC. Visit [SmartCheck.gov](https://www.cftc.gov/SmartCheck) to check registrations or learn more about common investment frauds.
- Remember—much of the virtual currency cash market operates through Internet-based trading platforms that may be unregulated and unsupervised.
- Do not invest in products or strategies you do not understand.
- Be sure you understand the risks and how the product can lose money, as well as the likelihood of loss. Only speculate with money you can afford to lose.
- There is no such thing as a guaranteed investment or trading strategy. If someone tells you there is no risk of losing money, do not invest.
- Investors should conduct extensive research into the legitimacy of virtual currency platforms and digital wallets before providing credit card information, wiring money, or offering sensitive personal information.
- The SEC has also warned that some token sales or initial coin offerings (ICOs) can be used to improperly entice investors with promises of high returns.¹

If you believe you may have been the victim of fraud, or to report suspicious activity, contact us at 866.366.2382 or visit [CFTC.gov/TipOrComplaint](https://www.cftc.gov/TipOrComplaint).

Electronic trading systems used to access the ME must be approved. Contact Advantage if you have any questions about the system you wish to use.

Transmission of orders to the ME by Clients of Advantage is a privilege and requires affirmation by Advantage that the Client is suitable for this trading (in terms of training, experience, knowledge of Exchange rules, etc.). As such, the Client is required to read and understand the rules noted below. Additionally, the Client agrees and understands that per Advantage's account documentation, Advantage has the right to terminate the Client's right to enter orders directly with the ME should it become apparent that the Client is operating outside the rules note below, the risk of the Client's trading exceeds agreed upon guidelines, or any other compromise to the trading system is noted.

Rules for Order Entry

1. Bid, asks, or trade execution at the close of trading may not be entered for the purpose of establishing an artificial price or affecting the high or low closing price. Such quotations may be disallowed at the discretion of the Exchange.
2. The Exchange reserves the right to validate, alter or cancel any trade if deemed necessary during extraordinary market conditions. If cancelled, the trade will be removed from the records and have no standing. These decisions may not be appealed.
3. No person may trade ahead of a customer order or attempt to reserve part of an order to be accepted for a particular trader or traders.
4. Manipulative or deceptive methods of trading are prohibited. These include:
 - a. effecting, as an individual or with others, transactions or the posting of orders intentionally or repeatedly with the objective of unfairly influencing market prices;
 - b. creating a false or misleading appearance of trading (such as wash sales);
 - c. entering orders or effecting transactions in which the beneficial ownership of the product does not change (trading with oneself);
 - d. effecting orders or transactions which create artificial prices, highs or lows unjustified by market conditions;
 - e. entering orders or transactions with the intent transferring funds, assets, etc, in violation of legal or regulatory requirements.
5. Prearranged or block trades are permitted under certain guidelines. Contact Advantage's Compliance

Department for confirmation of these rules prior to executing such a transaction.

6. Should it be necessary to cancel an order resulting from input error, etc, it may be cancelled if the parties involved agree to it within 15 minutes following its execution. There is a form which must be submitted to Market Supervision for approval. Advantage's Compliance or Credit/Risk Departments can assist with this process if necessary. The Exchange also reserves the right to cancel trades detrimental to normal operation (see above).
7. There may be exceptions to the rules noted above for participants in specific market maker programs. Please contact Advantage's Compliance Department for information about participating in these programs and the rules that apply.

11 Australian Securities and Investments Commission Notification

Advantage Futures LLC is regulated by the CFTC under US laws, which differ from Australian laws. Advantage Futures LLC is exempt from the requirement to hold an Australian financial services license under the Australian Corporations Act in respect of the financial services that it provides.

12 Special Notice for Foreign Brokers and Foreign Traders FOR NON US ACCOUNTS ONLY

Designation of Advantage Futures LLC as Agent

The Commodity Futures Trading Commission ("CFTC") has issued regulations that require the designation of futures commission merchants as the agents of foreign brokers and foreign traders. Advantage Futures LLC ("Advantage") is required to notify all foreign brokers and foreign traders of the requirements of these regulations.

CFTC Regulation §15.05 provides that upon execution by a futures commission merchant of financial futures transactions on a United States contract market for the account of a foreign trader or foreign broker, the futures commission merchant will be considered to be the agent of the foreign trader or foreign broker for accepting delivery of communications and legal process issued on behalf of the CFTC. Advantage Futures LLC is required under such regulation to retransmit any such communications or process to you. You should be aware that the rules also provide that an agent, domiciled in the U.S., other than Advantage Futures LLC may be designated by you. Such alternate designation of agency must be evidenced by written agreement which you must provide to Advantage Futures LLC and which Advantage Futures LLC, in turn, must forward to the CFTC. If you wish to designate an agent other than Advantage Futures LLC, please contact the Compliance Department at Advantage Futures LLC in writing. If you do not designate another agent, Advantage Futures LLC, will be your designated agent for CFTC communications. You should consult 17 C.F.R. §15.05 for a more complete explanation of the foregoing.

CFTC Special Calls for Information

In addition, the CFTC has issued a regulation requiring futures commission merchants, foreign brokers and foreign traders to respond to special calls by the CFTC for information regarding their futures and options trading. Advantage Futures LLC is similarly required to notify all foreign brokers and foreign traders of the requirements of this regulation.

This regulation provides for the issuance of a special call by the CFTC for information from foreign brokers or traders for whom a futures commission merchant, such as Advantage Futures LLC, makes or causes to be made a futures or options on futures transaction. Such special calls are limited to instances where the CFTC needs information promptly and where books and records of the futures commission merchant, trader or foreign broker upon whom the special call is made are not open at all times to inspection in the United States by any representative of the CFTC. For the purposes of this regulation, Advantage Futures LLC will be considered your agent and may be required to submit such special call by telex or a similarly expeditious means of communication to you, unless you have made an alternative designation as discussed above. Foreign brokers and foreign traders are required to provide CFTC the information specified in such special call.

The regulation permits the CFTC to prohibit further trading in the contract market and in the delivery months or options expiration dates specified in the call, except for liquidation trading, if the special call is not responded to at the place and within the time required by the CFTC. The special call shall be limited to information relating to futures or options positions of the trader in the United States. Please consult 17 C.F.R. 21.03 for a more complete description of the foregoing.

Reportable Futures Positions

Advantage Futures LLC would like to bring to your attention certain additional regulations affecting futures commission merchants, foreign brokers and foreign traders. The CFTC has, in 17 C.F.R. §15.03, established specific reportable position levels for all futures contracts. These contract quantities are subject to change at any time and you should consult your account executive at Advantage Futures LLC to determine the current quantities applicable to you. 17 C.F.R. Part 17 requires each futures commission merchant and foreign broker to submit a report to the CFTC with respect to each account carried by such futures commission merchant or foreign broker, which contains a reportable futures position. In addition, 17 C.F.R. Part 18 requires all traders including foreign traders, to file a report with the CFTC within one day after the special call upon such trader by the CFTC. You should consult 17 C.F.R. Parts 17 and 18 for more complete information with respect to the foregoing.

If any term or provision of this Agreement is, or at any time becomes, inconsistent with any present or future rule or law or otherwise is invalid or unenforceable, the inconsistent term or provision shall be deemed amended or superseded to conform with such rule or law, but in all other respects this Agreement shall continue in full force and effect. None of Advantage, its Affiliates (as hereinafter defined), officers, directors, employees, delegates, or agents shall be liable to Originating Broker as a result of any action reasonably taken by Advantage, its Affiliates, officers, directors, employees, delegates, or agents to comply with such rule or law. Advantage's violation or alleged violation of any rule or law shall not provide Originating Broker in any legal, reparation, arbitration or other proceeding with a defense to a claim by Advantage for money or other property due under this Agreement or a basis or a claim by Originating Broker that money or other property is due from Advantage. The term "Affiliates" shall mean all entities, present and future, which are controlling, controlled by or under common control with Advantage, including but not limited to Advantage Securities LLC.

2. Payment Obligations of Originating Broker.

In addition, Originating Broker agrees to pay Advantage on demand (a) the amount of any trading losses in the Client Omnibus Account; (b) any debit balance or deficiency in the Client Omnibus Account; (c) interest on any debit balances or deficiencies in the Client Omnibus Account at the rate customarily charged by Advantage, together with costs and reasonable attorneys' fees incurred in collecting any such debit balance or deficiency; (d) any fees or charges associated with a failure to deliver or failure to receive securities; and (e) any other amounts owed by Originating Broker to Advantage with respect to the Client Omnibus Account or any transactions therein. All payments required to be made by Originating Broker shall be made by wire transfer (or by check if permitted by Advantage in its sole and absolute discretion) of immediately available funds only to the Client Omnibus Account of Advantage Futures LLC as set forth in Appendix A attached hereto. Originating Broker agrees when requested, whether by telephone or other communication to furnish to Advantage names of bank officers and information necessary to enable Advantage to confirm for immediate verification of such wire transfers.

3. Acknowledgement of Risks.

Originating Broker acknowledges trading in Contracts is a speculative activity involving leverage and rapidly fluctuating markets. Despite such risks, Originating Broker is willing and able to assume the financial risks and other exposures of trading in Contracts.

4. Risk of Loss; Limitation of Liability.

(a) All transactions effected for Originating Broker's Client Omnibus Account and all fluctuations in the market prices of the Contracts carried in Originating Broker's Client Omnibus Account are at Originating Broker's risk, and Originating Broker shall be solely liable therefore under all circumstances. Originating Broker represents, warrants, and acknowledges that Originating Broker is willing and financially able to sustain such losses, and the trading of Contracts is suitable for Originating Broker. Advantage is not responsible for the obligations of any person(s) with whom Originating Broker's transactions are effected, nor is Advantage responsible for the performance or non-performance by any contract market, exchange, trading system, clearing house, clearing firm or other third party (including floor brokers and banks) in respect of any Contract or other property of Originating Broker, or for delays in the transmission, delivery, or execution of Originating Broker's orders due to malfunctions of communications facilities or systems or other causes beyond Advantage's reasonable control or anticipation. Advantage is not responsible for the actions of delegates selected by Advantage in good faith or appointed at the request of Originating Broker, whether such action and/or non-action amounts to negligence or inability on the part of the relevant delegate.

(b) Originating Broker consents to Advantage's use of automated systems or service bureaus in conjunction with the Client Omnibus Account, including, but not limited to, automated order entry, order routing, and/or order execution; recordkeeping, reporting, and Client Omnibus Account reconciliation; and risk management (collectively, "Automated Systems"). Originating Broker understands the use of Automated Systems entails risks, including, but not limited to, interruption of service, system or communication failure, delays in service, and errors in the design or functioning of such Automated Systems (collectively, a "System Failure"), could cause substantial damage, expense, or liability to the Originating Broker.

ADVANTAGE MAKES NO REPRESENTATION OR WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, WITH RESPECT TO THE SELECTION, DESIGN, FUNCTIONALITY, OPERATION, TITLE, OR NON-INFRINGEMENT OF ANY AUTOMATED SYSTEM, AND MAKES NO EXPRESS OR IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, TITLE AND/OR NON-INFRINGEMENT, AND SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY WITH RESPECT THERETO. WITHOUT LIMITING THE FOREGOING, ADVANTAGE EXPRESSLY DISCLAIMS ANY REPRESENTATION THAT ANY AUTOMATED SYSTEM WILL OPERATE UNINTERRUPTED OR BE ERROR-FREE.

EXCEPT AS PROVIDED IN THE RULES OF THE VARIOUS EXCHANGES, AND EXCEPT IN INSTANCES WHERE THERE HAS BEEN A FINDING OF WILLFUL OR WANTON MISCONDUCT, IN WHICH CASE THE PARTY FOUND TO HAVE ENGAGED IN SUCH CONDUCT CANNOT AVAIL ITSELF OF THE PROTECTIONS UNDER SUCH RULES, NEITHER ADVANTAGE, ITS AFFILIATES, ANY THIRD PARTY PROVIDER OF AUTOMATED SYSTEMS, NOR ANY OF THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, DELEGATES, OR AGENTS SHALL BE LIABLE TO ANY PERSON, INCLUDING BUT NOT LIMITED TO ORIGINATING BROKER, FOR ANY LOSS, DAMAGE, COST, OR EXPENSE (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, LOSS OF USE, OR DIRECT, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES), ARISING FROM (1) ANY FAILURE OR MALFUNCTION, INCLUDING BUT NOT LIMITED TO, ANY INABILITY TO ENTER OR CANCEL ORDERS, OF THE AUTOMATED SYSTEMS, OR SERVICES OR FACILITIES USED TO SUPPORT THE AUTOMATED SYSTEMS, REGARDLESS OF WHETHER SUCH ORDER(S) ARE ORIGINALLY INITIATED VERBALLY, ELECTRONICALLY, OR OTHERWISE, OR (2) ANY FAULT IN DELIVERY, DELAY, OMISSION, SUSPENSION, INACCURACY, OR TERMINATION, OR ANY OTHER CAUSE, IN CONNECTION WITH THE FURNISHING, PERFORMANCE, MAINTENANCE, REPAIR, USE OF, OR INABILITY TO USE, ALL OR ANY PART OF THE AUTOMATED SYSTEMS, OR ANY SERVICES OR FACILITIES USED TO SUPPORT THE AUTOMATED SYSTEMS. THE FOREGOING SHALL APPLY REGARDLESS OF WHETHER A CLAIM OR CAUSE OF ACTION ARISES IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE.

(c) In addition, Advantage and its officers, directors, employees, delegates, and agents will have no liability whatsoever for any claim of loss, cost, expense, damage, or liability of Originating Broker or any third person arising out of or relating to any System Failure, regardless of whether such claim is based on contract, tort, strict liability, or any other theory. Advantage and its officers, directors, employees, delegates, and agents are not responsible or liable for the actual or alleged insufficient exercise of care in selecting any sub-agents or in selecting, monitoring, or operating any Automated System, for any failure or delay in informing Originating Broker of any System Failure, or in taking action to prevent or correct any such System Failure. In no event will Advantage and their officers, directors, employees, delegates, or agents have any liability for any incidental, special, or consequential damages, including, but not limited to, loss of profits or loss of use, even if Advantage was aware of the likelihood of such damages.

Advantage has no responsibility to inform Originating Broker of (i) any decision to use, not use, or cease using any Automated System, (ii) the characteristics, functions, design, or purpose of any Automated System, or (iii) any specific risks inherent in any Automated System.

5. Proprietary Account Trades.

In the event that Originating Broker shall request Advantage to enter into trades and transactions for its Proprietary Account, Originating Broker shall instruct Advantage to enter such trades and transactions into Originating Broker's Proprietary Account with Advantage.

6. Remedies.

In the event (a) Advantage is unable to contact Originating Broker due to Originating Broker's unavailability or due to unforeseeable breakdown in communications systems or facilities; (b) Originating Broker terminates, dissolves, suspends its usual business or any material portion thereof; (c) a petition for insolvency, bankruptcy, assignment for the benefit of creditors or receivership is filed by or against Originating Broker or Originating Broker is generally unable to pay debts as they become due (or Originating Broker admits such inability in writing); (d) the Originating Broker's Client Omnibus Account is attached; (e) Originating Broker fails to perform any material obligation under this Agreement; (f) Originating Broker fails to satisfy any margin call or debit balance in the Client Omnibus Account; (g) Originating Broker fails to maintain margin as required by Advantage; (h) Originating Brokers makes any representations to Advantage that is incorrect or misleading; or (j) Advantage in its sole and absolute discretion deems it necessary for its protection; Advantage shall have the right, in addition to any other remedy available at law or in equity, to (1) apply any Collateral or sell any such Collateral and apply the proceeds therefrom toward amounts payable by Originating Broker hereunder; (2) cover or liquidate any position or risk Originating Broker may have with Advantage including but not limited to whole or partial liquidations of Originating Broker's Client Omnibus Account, buying and/or selling of any property, establishing new positions, exercising of any option, or spread, straddle, hedging existing open positions; and/or (3) cancel any or all pending orders and refuse to accept new orders; all of the foregoing without liability on Advantage's part to the Originating Broker or any third party. The above remedies are solely for Advantage's protection and any non-resort or partial resort to those remedies shall not relieve Originating Broker of any of its obligations under this Agreement.

Originating Broker acknowledges that in the event that Originating Broker does not maintain margin as required by Advantage or that Originating Broker's Client Omnibus Account has zero equity or is equity deficit at any time, Advantage has the right without prior notice to liquidate all or any part of the Originating Broker's positions or to purchase or sell contracts that Advantage, in its sole discretion, determines will reduce or offset any risk or positions in Originating Broker's Client Omnibus Account, reduce margin requirements, or reduce any risk to Advantage.

7. Margin Requirements.

- (a) Originating Broker will maintain at all times sufficient equity to meet margins and premiums for the Originating Broker's Client Omnibus Account as required by Advantage. Margin requirements may be greater than exchange and clearing house requirements and Advantage has no obligation to apply uniform margin requirements among Originating Brokers or products. Advantage may modify margin requirements for any or all Originating Brokers open or new positions at any time in Advantage's sole and absolute discretion. Originating Broker shall monitor his, her or its account so that at all times the account contains sufficient equity to meet Margin Requirements.
- (b) Advantage has no obligation to notify Originating Broker of any failure to meet Margin Requirements before Advantage exercises its rights under this Agreement. Originating Broker agrees that Advantage is authorized to liquidate account positions or to establish positions that Advantage, in its sole discretion, determines will offset existing risks or positions or reduce margin in Originating Broker's account without prior notice.

- (c) If Advantage does not, for any reason, liquidate under-margined positions, and issues a margin call, Originating Broker must satisfy such call immediately by depositing funds. Originating Broker acknowledges that even if a call is issued, Advantage still may liquidate positions at any time.
- (d) Margin deposits shall be made by wire transfer (or by check if permitted by Advantage in its sole and absolute discretion) of immediately available funds and shall be deemed made when received by Advantage. Advantage's failure at any time to request a deposit of margin shall not constitute a waiver of Advantage's rights to do so at anytime thereafter, nor shall it create any liability of Advantage to Originating Broker. Advantage shall pay interest on funds in Originating Broker's Client Omnibus Account as may be agreed upon in writing from time to time. Originating Broker acknowledges that pursuant to applicable Rule or Law the Client Omnibus Account must be margined on a gross basis with respect to all transaction effected for the Client Omnibus Account. All property received as margin for regulated trades shall be deposited in a segregated account by Advantage, and Advantage will maintain records in compliance with the applicable contract market, board of trade, commodity exchange and clearing house rules regarding margins received and disbursed, and current equity of any transactions. Funds not required to be segregated may be commingled with other funds and comparable records will not be maintained.

8. Market Information and Recommendations.

Any trading recommendation or market information furnished to Originating Broker by Advantage is incidental to the conduct of Advantage's business as a futures commission merchant and shall not serve as the primary basis for Originating Broker's trading decisions. Originating Broker acknowledges any recommendations or market information provided by Advantage, its officers, directors, employees, delegates, or agents while based upon information from sources Advantage believes to be reliable, may be incomplete, inaccurate or unverified and Advantage makes no representation, warranty, or guarantee as to the accuracy of any such information. Originating Broker acknowledges recommendations given to Originating Broker at any given time may be different from recommendations given to other Originating Brokers of Advantage and such recommendations may not be consistent with the recommendations or positions of Advantage, or any of its Affiliates, officers, directors, employees, delegates, and agents. Advantage shall have no responsibility or liability hereunder as a result of any suggestion, prediction, recommendation, or advice made or given by a representative of Advantage whether or not given at the request of Originating Broker. Any instruction given by Originating Broker or trading decision made by Originating Broker is based upon Originating Broker's own independent and informed decision and not in reliance on any recommendations, advice, or statement made by any Advantage officers, directors, employees, delegates, or agents. Originating Broker recognizes and acknowledges guarantees of profits or limitations of loss are impossible, and further confirms Originating Broker has not received any guarantee from Advantage or others, and if such assertions have been made, Originating Broker is not entering into this Agreement in reliance on any such guarantees.

9. Recording.

Originating Broker consents to the recording of conversations between Originating Broker and Advantage, its officers, directors, employees, delegates, or agents. Recordings may be made by Advantage, with or without the use of an automatic tone-warning device, or other notification. Advantage is not required to make or retain such recordings, and Originating Broker irrevocably consents to such recordings and to Advantage's use of such recordings in any proceeding or as Advantage otherwise deems appropriate.

10. Confirmations, Give Up Orders and Offset Trades.

- (a) The Originating Broker will be responsible for the issuance of all confirmations, statements and other records required to be furnished to its clients whether pursuant to regulatory requirements or otherwise.
- (b) The Originating Broker agrees to advise Advantage of any orders entered on a give-up basis on any commodity exchange when entered and Advantage agrees to confirm the execution of such transactions and to clear the same for the appropriate account.
- (c) Pursuant to Originating Broker's instructions, Advantage shall offset all futures transactions executed or cleared for the Originating Broker. The Originating Broker acknowledges that the failure to issue such instructions on a same day basis may require contracts which are improperly designated to be offset by a transaction on the trading floor and/or trading market exposed to potential market risk, and that under exchange regulations spot month contracts may only be offset in this manner.

11. Foreign Currency.

If any transaction for the Originating Broker's Client Omnibus Account is effected on any exchange or in any market on which transactions are settled in a foreign currency (a) any profit or loss arising as a result of a fluctuation in the rate of exchange between such currency and the United States dollar shall be entirely for the Originating Broker's Client Omnibus Account and Originating Broker's risk; (b) all initial and subsequent margin deposits required or requested by Advantage shall be in United States dollars or, if requested by Advantage, in the currency required by the applicable exchange or clearing house, and (c) Advantage is authorized to convert funds in the Originating Broker's Client Omnibus Account into and from such foreign currency at rates of exchange prevailing at the banking and other institutions with which Advantage normally conducts business.

12. Interest.

Advantage shall be under no obligation to pay or account to Originating Broker for any interest income or benefits derived from the investment of Originating Broker's Client Omnibus Account funds.

13. Security Agreement.

- (a) Originating Broker hereby grants to Advantage a first priority perfected security interest in, and right of set-off against, all property of Originating Broker in the Originating Broker's Client Omnibus Account or otherwise held by or for Advantage or any of its Affiliates, including without limitation Contracts, cash, government securities, other securities, warehouse receipts, and commodities represented by such receipts, and other property (each or collectively referred to as "Collateral"), and the proceeds thereof, and all obligations, whether or not due, which are held, carried or maintained by Advantage or its Affiliates or in the possession or control of Advantage or its Affiliates or which are, or may become, due to Originating Broker (either individually or jointly with others or in which Originating Broker has any interest) and all rights Originating Broker may have against Advantage or its Affiliates as security for the performance of all Originating Broker's obligations to Advantage or its Affiliates. Originating Broker acknowledges Advantage and its Affiliates act as agents for each other in respect of the assets subject to the security interest as described above. Advantage may, in its discretion and without notice to or consent from Originating Broker, deduct any amounts from the Originating Broker's Client Omnibus Account and apply or transfer any of Originating Broker's Collateral interchangeably between the Originating Broker's Client Omnibus Account and any of Originating Broker's accounts with Advantage's Affiliates, each of which constitutes unconditional security for all obligations of

Originating Broker. For purposes of Articles 8 and 9 of the Illinois Uniform Commercial Code ("UCC"), Originating Broker agrees that to the extent that it is effecting transactions in government securities, Advantage is acting as Originating Broker's securities intermediary and Originating Broker's account is a Securities Account. Further, to the extent that Originating Broker has any control with respect to any such assets, upon the occurrence of an Event of Default (as defined below), Originating Broker shall no longer have any control over such assets. Advantage and Originating Broker agree that all such assets credited to any securities account maintained on the books of Advantage shall be treated as a financial asset for purposes of the UCC.

- (b) Originating Broker further agrees Advantage may, in its discretion at any time and from time to time, verbally or in writing require Originating Broker to deliver Collateral to margin and secure Originating Broker's performance of any obligation(s) to Advantage. Such Collateral shall be delivered, within 24 hours of request or such shorter time as may be specified by Advantage, in such amount and form and to such Originating Broker's Client Omnibus Account or recipient as Advantage shall specify. If delivery is not made within 24 hours, Originating Broker shall pay a fee on the unpaid indebtedness at a rate customarily charged by Advantage plus service charges and all costs of collection including without limitation reasonable attorneys' fees. Originating Broker hereby grants Advantage the right to borrow, pledge, repledge, hypothecate, rehypothecate, loan or invest any of the Collateral, including utilizing the Collateral to purchase United States Government Treasury obligations pursuant to repurchase agreements or reverse repurchase agreements with any party, in each case without notice to Originating Broker, and without any obligation to pay or account to Originating Broker for any interest, income or benefit that may be derived therefrom except as may be separately agreed in writing. The rights of Advantage set forth above shall be qualified and subject to any applicable requirements for segregation of Originating Broker's property under applicable rules or laws.

14. Trading Authorization.

Advantage is authorized to purchase and sell Contracts for the Originating Broker's Client Omnibus Account in accordance with Originating Broker's oral, written or electronic instructions. Advantage agrees to clear on the appropriate commodity exchange such Contracts as may be entered into on behalf of Originating Broker or given up to Advantage by the Originating Broker with respect to all such Contracts, Advantage is acting as a broker for the Originating Broker and not for any clients of the Originating Broker. Advantage also is authorized, in its discretion, to delegate execution, clearance, and/or settlement of orders or positions in Contracts to such persons as Advantage in good faith deems appropriate, including designated contract markets, brokers, clearing and non-clearing members, and floor brokers, whether or not affiliated or related to Advantage (each, a "delegate," and collectively, the "delegates"). Originating Broker understands if it wishes to transmit order instructions electronically, it will comply with Advantage's Electronic Access Policy.

15. User Name and Password Security.

Originating Broker acknowledges responsibility of maintaining the security and confidentiality of any user names and passwords provided by Advantage allowing access to trading platforms or other online services. Any unauthorized use of user name and password or unauthorized user access to trading platform or other online services should be reported immediately to Advantage. Originating Broker remains responsible for all transactions entered using the Originating Broker's user name and password.

16. Sales.

Any sales of Collateral made pursuant to Sections 6 and 13 hereof may be made according to Advantage's good faith judgment and at its commercially reasonable discretion, on or subject to the rules of the exchange or any other market where such business usually is transacted, or at public or private sale, without advertising the same, including, without limitation, through exchange for physical ("EFP") transactions. For the purposes of this paragraph, Originating Broker expressly authorizes Advantage to act as broker for Originating Broker or as principal opposite Originating Broker with respect to such EFP transactions and to execute such physical commodity transactions and documents on behalf of Originating Broker as may be necessary to effect such EFP transactions. Originating Broker recognizes such EFP transactions are not competitively executed by open outcry on an exchange, but will be executed at the market price then available to Advantage. In the event Advantage's position would not be jeopardized thereby, Advantage will make reasonable efforts to notify Originating Broker prior to taking any such actions. At any sale Advantage may purchase the whole or any part thereof free from any right of redemption, and Originating Broker shall remain liable for and shall promptly pay Advantage the amount of any deficiency. Originating Broker understands a prior tender, demand or call of any kind from Advantage, or prior notice from Advantage of the time and place of such sale, shall not be considered a waiver of Advantage's right to sell any Financial Instrument or other Collateral. Failure to act in such circumstances will not constitute a waiver of Advantage's right to do so at any time thereafter, nor shall it impose any liability on Advantage nor create a defense for Originating Broker to any liability to Advantage.

17. Trading Limitations.

Originating Broker agrees Advantage may, in its sole and absolute discretion, refuse to accept or execute any order from Originating Broker, including, but not limited to, in the event Advantage believes the acceptance or execution of Originating Broker's order would be in contravention of any rule or law. In addition, Advantage may at any time, in its sole and absolute discretion, limit the number or types of positions Originating Broker may maintain or acquire through Advantage and Originating Broker agrees not to exceed such limits. Advantage is under no obligation to effect any transaction for the Originating Broker's Client Omnibus Account that would create positions in those Client Omnibus Accounts in excess of the limit Advantage has set. If Originating Broker exceeds position limits imposed by Advantage, the Commodity Futures Trading Commission ("CFTC") or a commodity exchange, Advantage shall have the right to liquidate positions in excess of the applicable position limit. In addition, Advantage shall have the right to liquidate Originating Broker's positions in government securities at any time without notice to Originating Broker.

18. Liquidation Instructions for Expiring Futures Contracts.

Originating Broker shall provide Advantage with liquidating instructions on open futures positions maturing in a current month five (5) business days prior to the last trading day or alternatively, Originating Broker shall provide to Advantage sufficient funds to take delivery or necessary delivery documents by such deadline. Unless Originating Broker provides such instructions, funds or documents to Advantage by such deadline, Advantage may at any time during the five (5) day period prior to expiration and without notice may liquidate Originating Broker's position or make or receive delivery on Originating Broker's behalf upon such terms and conditions as Advantage deems advisable, and neither Advantage's actions nor its timing shall impose any liability on Advantage or create a defense for Originating Broker to any liability of Originating Broker. If Advantage elects to make delivery on Originating Broker's behalf, Originating Broker authorizes Advantage, in its sole discretion, to borrow or purchase and execute and deliver the necessary delivery documents, and to guarantee and hold Advantage harmless against any costs, losses, damages or premiums it may incur in making such delivery or may sustain from its inability to borrow or purchase the delivery documents. In the event Advantage takes delivery of any property for Originating Broker's Client Omnibus Account, Originating Broker agrees to pay all delivery, storage,

insurance, interest and related charges, and to guarantee and hold Advantage harmless against any loss Advantage may suffer, directly or indirectly, from a decline in the value of such property. Originating Broker expressly acknowledges that in volatile markets the making or accepting of delivery may involve a higher degree of risk than liquidating a position by offset.

19. Options Provisions.

With respect to short options positions, Originating Broker understands that some short option positions are subject to assignment at any time, including positions established on the same day exercises are assigned, and Advantage randomly allocates exercise notices among Originating Brokers with short positions that are subject to exercise. With respect to long options positions, Originating Broker understands and acknowledges the exchanges and clearing houses have established certain deadlines for the tender of exercise notices or delivery instructions, that Advantage may establish earlier deadlines, and Originating Broker's option positions may be automatically exercised or become worthless if Originating Broker does not tender exercise notice or delivery instructions by the designated deadlines.

20. Notices and Communications.

Originating Broker shall make all payments, except with regard to wire transfers discussed in Section 7, and deliver all notices and any other communications to the offices of Advantage Futures LLC at 231 South LaSalle Street, Suite 1400, Chicago, Illinois 60604. All communications from Advantage to Originating Broker will be sent to Originating Broker at the electronic mail ("email") address provided by Originating Broker on the Originating Broker Account Application form or to such other mail address as Client hereafter directs in writing. Notices to the email on file will assume to be effective unless client provides written notification of new email.

Confirmations of trades, statements of Originating Broker's Client Omnibus Account, and any other notices sent to Originating Broker shall be binding on Originating Broker for all purposes, unless Originating Broker calls any such error to Advantage's attention (a) in the case of oral reports of executions, at the time received by Originating Broker or its agent, and (b) in the case of a written report (whether transmitted by mail, electronic mail, messenger, or otherwise), prior to opening of trading on the next business day following receipt of the report.

Originating Broker consents to delivery of required or optional reports by email, web site, or other electronic means, subject to compliance with any applicable law. Documents delivered electronically are deemed to be "in writing".

Margin calls shall be deemed conclusively correct if not objected to by Originating Broker by notice to Advantage in writing, within 24 hours of delivery of such margin call. None of these provisions, however, will prevent Advantage upon discovery of any error or omission, from correcting it. The parties agree that such errors, whether resulting in profit or loss, will be corrected and the Account will be credited or debited so it is in the same position it would have been in if the error had not occurred, it being understood in no event shall Advantage be liable for any consequential or incidental damages arising out of such error. Whenever a correction is made, Advantage will promptly make written notification to Originating Broker. Notices by electronic communication will be considered "in writing." All communications sent to Client by Advantage to such address, whether by mail, telephone, facsimile, electronic mail, messenger, or otherwise, shall be deemed given to Originating Broker personally whether or not actually received by Originating Broker, and Originating Broker hereby waives all claims resulting from failure to receive such communications. In the event there is a disruption in the ability of Advantage to transmit to Originating Broker any communication electronic mail, Advantage reserves the right to transmit such communications by any means it deems reasonably appropriate, including by mail or overnight courier.

21. Originating Broker Documents.

Originating Broker represents that the information on the Originating Broker Application Form is true and complete and the representations in this Agreement and any applicable ancillary documents are accurate and that Advantage and its agents are entitled to rely on such information and representations for all purposes, unless Advantage receives notice in writing of any change. Communications delivered electronically, by email or upload, are deemed "in writing". Originating Broker shall promptly notify Advantage of any material change in such information or representations. To the extent certain ancillary documents are applicable, executed and delivered in connection with this Agreement, any or all such ancillary documents are incorporated herein by reference. In the event any term or provision of any of such ancillary documents should conflict with any term or provision of this Agreement, the terms and provisions of this Agreement shall control and prevail. Advantage may store and retain account documents electronically and such stored documents represent true and genuine records.

22. Termination.

This Agreement may be terminated by either party at any time upon written notice to the other party. In the event of such notice, Originating Broker shall either close out open positions in the Client Omnibus Account or arrange for such open positions to be transferred to another futures commission merchant. Upon satisfaction by Originating Broker of all Originating Broker's liabilities, Advantage shall transfer to another futures commission merchant all Contracts, if any, then held for the Client Omnibus Account, and shall transfer to Originating Broker or to another futures commission merchant, as Originating Broker may instruct, all cash, securities and other property held in the Client Omnibus Account, whereupon this Agreement shall terminate. Termination of this Agreement and/or transfer of Contracts shall not relieve either party of any obligation in connection with any debit or credit balance or other liability or obligation incurred prior to such termination and/or transfer.

23. Representations.

Originating Broker represents and warrants (which representations and warranties shall remain in effect during the term of this Agreement) that: (a) it is, and at all times during the term of this Agreement will be registered as a futures commission merchant with the CFTC and a member of the National Futures Association ("NFA"); (b) it may lawfully and is duly authorized and empowered to enter into this Agreement and to effect purchases and sales of Contracts, and that this Agreement is binding on Originating Broker and enforceable against Originating Broker in accordance with its terms; (c) if applicable, all necessary corporate action has been taken by Originating Broker to enter into and comply with this Agreement; (d) the individual executing this Agreement on behalf of the Originating Broker has full authority to act in such capacity; (e) it is in compliance with any and all registrations, licenses and memberships, if any, necessary under any and all laws applicable to it to perform its business as contemplated hereunder including any and all applicable registration requirements of the Commodity Exchange Act and the rules of the CFTC thereunder and any applicable membership requirements of the NFA; and (f) Advantage is entitled to rely upon all actions taken and instructions given by any person with apparent authority to act on Originating Broker's behalf, and any person specifically designated to act on Originating Broker's behalf; (g) the Contracts in the Client Omnibus Account carried by the Originating Broker are those of clients of the Originating Broker who do not come within the definition of a proprietary, affiliated or connected client account (collectively, "Proprietary Account") under any applicable Rule or Law; (h) the Client Omnibus Account will be used to carry only Contracts for the accounts of clients of the Originating Broker; (i) the hypothecation or rehypothecation by the Originating Broker of the Contracts in such Client Omnibus Account or of any other cash or other property which Advantage may carry for the account(s) of the Originating Broker, will not contravene any Rule or Law; (j) the Originating Broker will not represent that it is acting as Advantage's agent or on its behalf, for any purpose, or that Advantage is acting as the agent for the Originating Broker's clients; and (k) all written material and oral statements made or given to Originating Broker's clients shall be factually correct and accurate and shall not contain any misrepresentations.

- (ii) failure to transmit an order or instruction regarding transactions for the Client Omnibus Account, as evidenced by recorded conversations between Advantage and Originating Broker;
- (iii) errors in the transmission of any Commodity Contract order to other instruction regarding transactions for the Client Omnibus Account, as evidenced by recorded conversations between Advantage and Originating Broker;
- (iv) the opening, approval and monitoring of each of the Originating Broker's client accounts, including the use of due diligence to learn the essential facts relative to every client, every order, each client's investment objectives, the establishment of appropriate procedures for the approval of new accounts, the review and supervision of orders, accounts for employees or officers of broker-dealers, securities and commodity industry self-regulatory organizations and other financial institutions;
- (v) the extension of credit, maintenance of margin, the payment and charging of interest on the Client Omnibus Account and the hypothecation and lending of client securities; and
- (vi) the receipt and delivery of funds and securities on behalf of clients, the payment of any interest or other distributions on such clients, and compliance with all requirements providing for the protection and segregation of clients' funds and securities.

25. Trades Made in Error.

Originating Broker will adhere to all procedures instituted by Advantage regarding the transmission of orders for execution. Advantage and Originating Broker shall cooperate to correct or reconcile all trades made in error or other differences which may occur between Advantage and Originating Broker or any third party. Originating Broker agrees to promptly compare all reports of execution for accuracy and completeness with orders entered for execution and acknowledges that Advantage shall not be liable in any manner whatsoever for any loss resulting from execution errors which were or should have been revealed by such comparison unless such errors are reported to Advantage immediately; provided, however, that in no event shall Advantage be responsible or liable to Originating Broker or Originating Broker's clients for any errors resulting from a system failure which affects the proper transmission of orders. In this regard, Originating Broker agrees to indemnify and hold harmless Advantage from and against any and all such errors. This indemnification and hold harmless provision shall be in addition to, and not in lieu of, the indemnification provision contained in Section 37 and 38 of this Agreement. Concurrence between the parties with respect to a day's trades will be binding, except that Advantage has the right to amend, add or cancel any trade if floor and clearing organization clearance reports properly support doing so. Any such amendment, addition or cancellation will be reported to Originating Broker promptly after being discovered; provided, however, that if such report of a trade change is made after the opening, Originating Broker shall have the immediate alternative and election, if elected, to reject the trade. Originating Broker further agrees that Originating Broker's failure to respond immediately shall be construed as Originating Broker's acceptance thereof. Notwithstanding the foregoing, in the event that Advantage is informed of a price change by an Exchange, such price change may be reported at any time and it must be accepted by Originating Broker.

26. Privacy Notice.

Originating Broker acknowledges that Advantage is subject to all applicable regulations relating to the protection of data capable of identifying individuals under applicable privacy laws, including, where applicable, under the General Data Protection Regulation ("GDPR") and other UK and European privacy laws and applicable US privacy laws (the "Privacy Laws"). NOTICE TO OMNIBUS ACCOUNTS REGARDING RESTRICTIONS ON ACCESS FOR SANCTIONED PARTIES

Futures exchanges (“Exchanges”) may prohibit direct and indirect access to a market participant that is a “sanctioned party” (or similar term) as defined by the given Exchange’s rules. For example, Chicago Mercantile Exchange Inc., The Board Of Trade of the City of Chicago, Inc. , New York Mercantile Exchange, Inc. and Commodity Exchange, Inc. define “Sanctioned Party” as “parties that are (i) identified on the Specially Designated Nationals and Blocked Person List of the U.S. Department of the Treasury’s Office of Foreign Assets Control (“OFAC” (“Restricted Parties”), (ii) 50% or more owned by Restricted Persons, (iii) located in a country or territory subject to comprehensive economic sanctions administered by OFAC (“Restricted Country or Territory” or Restricted Countries or Territories”), (iv) owned or controlled by the governments of Restricted Countries or Territories, (v) subject to OFAC restrictions where such restriction prohibits a specific activity which would in turn prohibit the party from trading on an exchange or settling a transaction at an exchange, (vi) subject to restrictions administered or imposed by a state or government authority authorized to issue economic sanctions and blocking measures that has jurisdiction over a Clearing Member (each a “Sanctioning Body”) or (vii) acting on behalf of any of the foregoing.”

Accordingly, omnibus accounts are expressly prohibited from acting for customers, directly or indirectly, that are sanctioned parties (or similar term) under relevant Exchange rules. Moreover, as the holder of an omnibus account, you must notify all of your omnibus account customers of such prohibition.

If you become aware that a sanctioned party (or similar term) under Exchange rules is directly or indirectly acting through the omnibus account, you must immediately notify Advantage Futures LLC and, unless permitted (either not restricted or specifically authorized) by OFAC and/or sanctioning body, as applicable, under Exchange rules, cancel all direct and indirect access to the omnibus account by such market participant.

Acknowledgement of Execution Services

As a courtesy for clients, Advantage Futures LLC ("Advantage") has made arrangements with one or more other registered FCMs ("Order-Taking FCM") to provide client access to a global 24-hour execution service. This service is operated by personnel from the Order-Taking FCM, not Advantage personnel. Because some electronic trading systems only accept orders that specify a limit price or do not accept contingent orders, and because the possibility of electronic trading system failures or unavailability, and Exchange actions beyond the Order-Taking FCM's control always exist, be advised all orders placed with or submitted through, such global 24-hour execution service will be accepted only on a "not-held basis," meaning that neither Advantage nor the Order-Taking FCM assumes any liability for any failure of order entry, execution, or cancellation of an order or for any errors arising at, or related to, a 24-hour execution service, except error due to willful misconduct or gross negligence.

APPENDIX A TO § 1010.230

Certification Regarding Beneficial Owners Of Legal Entity Customers

I. GENERAL INSTRUCTIONS

What is this form?

To help the government fight financial crime, Federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

Who has to complete this form?

This form must be completed by the person opening a new account on behalf of a legal entity with any of the following U.S. financial institutions: (i) a bank or credit union; (ii) a broker or dealer in securities; (iii) a mutual fund; (iv) a futures commission merchant; or (v) an introducing broker in commodities.

For the purposes of this form, a legal entity includes a corporation, limited liability company, or other entity that is created by a filing of a public document with a Secretary of State or similar office, a general partnership, and any similar business entity formed in the United States or a foreign country. Legal entity does not include sole proprietorships, unincorporated associations, or natural persons opening accounts on their own behalf.

What information do I have to provide?

This form requires you to provide the name, address, date of birth and Social Security number (or passport number or other similar information, in the case of foreign persons) for the following individuals (i.e., the beneficial owners):

- (i) Each individual, if any, who owns, directly or indirectly, 25 percent or more of the equity interests of the legal entity customer (e.g., each natural person that owns 25 percent or more of the shares of a corporation); and
- (ii) An individual with significant responsibility for managing the legal entity customer (e.g., a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, or Treasurer).

The number of individuals that satisfy this definition of “beneficial owner” may vary. Under section (i), depending on the factual circumstances, up to four individuals (but as few as zero) may need to be identified. Regardless of the number of individuals identified under section (i), you must provide the identifying information of one individual under section (ii). It is possible that in some circumstances the same individual might be identified under both sections (e.g., the President of Acme, Inc. who also holds a 30 percent equity interest). Thus, a completed form will contain the identifying information of at least one individual (under section (ii)), and up to five individuals (i.e., one individual under section (ii) and four 25 percent equity holders under section (i)). The financial institution may also ask to see a copy of a driver’s license or other identifying document for each beneficial owner listed on this form.

II. CERTIFICATION OF BENEFICIAL OWNER(S)

Persons opening an account on behalf of a legal entity must provide the following information:

a. Name and Title of Natural Person Opening Account:

b. Name and Address of Legal Entity for Which the Account is Being Opened:

c. The following information for each individual, if any, who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, owns 25 percent or more of the equity interests of the legal entity listed above:

Name	Date of Birth	Address (Residential or Business Street Address)	For U.S. Persons: Social Security Number	For Foreign Persons: Passport Number and Country of Issuance, or other similar identification number ¹

(If no individual meets this definition, please write "Not Applicable.")

¹ In lieu of a passport number, foreign persons may also provide an alien identification card number, or number and country of issuance of any other government-issued document evidencing nationality or residence and bearing a photograph or similar safeguard.

d. The following information for one individual with significant responsibility for managing the legal entity listed above, such as:

- An executive officer or senior manager (e.g., Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, Treasurer); or
- Any other individual who regularly performs similar functions.
(If appropriate, an individual listed under section (c) above may also be listed in this section (d)).

Name	Date of Birth	Address (Residential or Business Street Address)	For U.S. Persons: Social Security Number	For Foreign Persons: Passport Number and Country of Issuance, or other similar identification number ¹

¹ In lieu of a passport number, foreign persons may also provide an alien identification card number, or number and country of issuance of any other government-issued document evidencing nationality or residence and bearing a photograph or similar safeguard.

I, _____ (*name of natural person opening account*), hereby certify, to the best of my knowledge, that the information provided above is complete and correct.

(f) "Subscriber Group" means Subscriber and any related entities that Subscriber controls, is controlled by, or is under common control with, and that receive Information directly or indirectly from Vendor under the terms of this Agreement. 2. PROPRIETARY RIGHTS IN THE MARKET DATA.

(a) Subscriber acknowledges and agrees that each of the Exchanges have exclusive and valuable property rights in and to its own Market Data, that such Market Data constitutes valuable property rights in and to its own Market Data, that such Market Data constitutes valuable confidential information, trade secrets and/or proprietary rights of each of the Exchanges, not within the public domain, that such Market Data shall remain valuable confidential information, trade secrets and/or proprietary rights of each of the Exchanges at least until the Exchanges place their respective Market Data in the public domain or authorize placement of their respective Market Data in the public domain, and that, but for this Agreement, Subscriber would have no rights or access to such Market Data. Whether or not a particular Exchange has placed its Market Data in the public domain or has authorized the placement of its Market Data in the public domain shall be determined according to the terms of such Exchange's agreement with Vendor, which agreement is described in Section 3(a).

(b) Subscriber acknowledges and agrees that disclosure of any Market Data, or any breach or threatened breach of any other covenants or agreements contained herein, would cause irreparable injury to each of the Exchanges for which money damages would be an inadequate remedy. Accordingly, Subscriber further acknowledges and agrees that each of the Exchanges shall be entitled to specific performance and injunctive and other equitable relief from the breach or threatened breach of any provision, requirement or covenant of this Agreement (including, without limitation, any disclosure or threatened disclosure of Market Data) in addition to and not in limitation of any other legal or equitable remedies which may be available.

3. RECEIPT OF MARKET DATA BY SUBSCRIBER.

(a) Vendor and Subscriber have entered into an agreement by which Vendor will, among other things, provide Subscriber with Market Data. Vendor has or may enter into agreements with each of the Exchanges whereby Vendor has been granted the right to receive Market Data and to retransmit the same to Subscriber. This Agreement between Vendor and Subscriber sets forth the terms and conditions upon which Subscriber may receive and use Market Data. Subscriber acknowledges that, notwithstanding such agreement, each of the Exchanges may, in its discretion, discontinue disseminating its own Market Data or change or eliminate its own transmission method, speed or signal characteristics. In addition, Subscriber acknowledges and agrees that the Exchanges reserve the right to disapprove any Subscriber and retain the right to direct Vendor to terminate any Subscriber's receipt of Market Data for any reason or no reason, in which event the Exchanges shall so notify Vendor and Vendor shall cease providing Market Data to Subscriber as soon as practicable.

(b)(1) Except as provided in (b)(3) below, Subscriber will use Market Data only for its own internal business activities and only at the offices and locations and on the Devices designated by Subscriber in writing to Vendor from time-to-time. (The term “for its own internal business activities”, as used in the immediately preceding sentence herein, means for Subscriber’s (a) trading, for its own account or for the account of its customers, of commodity futures contracts, options on commodity futures contracts or similar derivative instruments, or (b) evaluating, for its own internal business decisions or advice to its customers, the movements or trends in markets for commodity futures contracts, options on commodity future contracts, or like derivative instruments, subject to all of the limitations set forth below in this sub-paragraph as to the telephonic disclosure to customers of a necessary and de minimis number of segments of Market Data.)

(b)(2) Subscriber agrees that it will not communicate or otherwise furnish, or permit to be communicated or otherwise furnished, the Market Data, in any format, to any other party or any office or location other than that designated above, nor allow any other party to take, directly or indirectly, any of the Market Data from such offices or locations, and will adopt and enforce any policy that is reasonable to prevent the Market Data from being taken therefrom. Subscriber specifically agrees, without limiting or varying its obligations under paragraph 7 herein or otherwise set forth in this Agreement, that Subscriber shall not use or permit another person to use any Market Data for the purposes of determining or arriving at any price, including any settlement prices, for commodity futures contracts, options on commodity futures contracts, or like derivatives instruments traded on any exchange other than the Exchanges. Subscriber will abide by any other limitations on such use that any of the Exchanges may specify. Subscriber will use its best efforts to ensure that its partners, officers, directors, employees and agents maintain sole control and physical possession of, and sole access to, Market Data received through Devices in Subscriber's possession.

(b)(3) Notwithstanding (1) and (2) above, Subscriber may, in the regular course of its business, occasionally furnish, to each of its customers and branch offices, in a quantity restricted to that necessary to enable Subscriber to conduct its business, a de minimis number of segments of Market Data. Such redissemination must be strictly limited to telephonic communications not entailing the use of computerized voice synthesization or any other technology and must be strictly related to the trading activity of Subscriber or any such recipients. Any such recipients must be advised by Subscriber that such segments are proprietary and confidential information not to be disclosed or disseminated to other persons or entities. Subscriber agrees to make all reasonable efforts to ensure that such recipients abide by the provisions of this Agreement. Notwithstanding the foregoing, in the event that a Subscriber is a newspaper which reports on, among other things, exchanges on which commodity futures contracts or options on commodity futures are traded, such Subscriber shall be permitted to publish, in its newspaper published for the day following the receipt by such Subscriber of the Market Data, the Market Data received by Subscriber from Exchanges on the day prior to such publication.

(c) In the event that Vendor has agreed to permit Subscriber to receive, access or display Market Data through means other than a Vendor-provided Device, such as by means of: (i) the Internet, any Intranet or any other type of network; (ii) portable Devices (e.g., pocket pagers, personal digital assistants, laptop computers, etc.); and (iii) synthesized voice responses over telephones, Subscriber will use its best efforts to ensure that no other device, attachment or apparatus is used which may allow third parties not subject to Subscriber's reporting obligations under Section 3(b) above to access the Market Data.

(d) As it relates to MGEX market data, Subscriber may only include Market Data in media publications or in a public Internet Display if MGEX provides prior written consent and Distributor reports to MGEX and pays any applicable fees for such use.

(e) Subscriber will use its best efforts to ensure that no unauthorized dissemination of the Market Data is permitted.

4. REPORTING.

Subscriber agrees to furnish promptly to Vendor and Exchange any information or reports that may be requested or required by Vendor or Exchange as applicable and that is reasonably related to Subscriber's receipt of Market Data. Subscriber further agrees to furnish promptly to Vendor any additional information or reports that may be required by this Agreement between Vendor and Subscriber referred to in Section 3(a) as it relates to Subscriber's receipt of Market Data.

5. RIGHT OF INSPECTION AND AUDIT.

(a) During regular business hours, any Persons designated by any Exchange may have access to Subscriber's offices or locations in order to observe the use made of the Market Data and to examine and inspect any Devices, attachments or apparatuses, as well as any books and records required to be maintained by Subscriber under Sections 3(b), 3(c) and 4 in connection with its receipt and use of Market Data.
